31 December 1947

Mr. Thomas K. Finletter, Chairman  
President's Air Policy Commission  
Department of Commerce Building  
Washington 25, D. C.

My dear Mr. Finletter:

The attached two-volume study concerning government policy and procedures for surface transportation in eleven selected countries is submitted to you herewith in duplicate. This study completes the data requested in your letter to me of 20 August 1947. The full transportation report furnished the Commission by Central Intelligence Agency, including the material previously submitted, consists of:

Civil Aviation in eleven selected countries

Military Aviation in the United Kingdom and the USSR

Inland Water Transportation in eleven selected countries

Railway Transportation " " " "

Highway Transportation " " " "

Merchant Shipping " " " "

You will recall that on 17 November I submitted to you an advance copy of a short article called 'World Survey of Transportation Policy' based on the analyses then in preparation. This has been inserted after the Foreword in Volume I of the attached study.

As in the case of the aviation studies, it is requested that this additional material be returned to Central Intelligence Agency after it has served its purpose and prior to dissolution of the Commission.
